Partnership with Palestine

YMCA Amager

Tuesday February 25 @ 18.00

**We think peace and justice is an important agenda in the world.
Especially Palestine has challenges. We want to put focus on the conflict,
build bridges and create dialogue.**

YMCA has partners in Palestine and want to strengthen the relation through engagement in Copenhagen.
We have ideas about study trips, joint dinners, information and partnership projects.

Join us for a night where we will learn more about the conflict, peace and justice together.
We will also find out how we can engage in the topic. We have good ideas -
but we might also find new ones together.
